

Questioner Form QF-A10 - How to define my lock model - Series A Mortise Lock Case

Dear Customer:

The lock case could be different in backsets, lock functions, finishes etc. to integrate with the different trim sets fitted. If you are not sure the lock model of your application, please compare your lock case with the drawing(right). If your lock case has the same configurations x 4 as marked in red, complete the queries from A to J. Fax or email to us. Our CSR will help you to figure out the correct lock model for you.
